

DECLARATION OF CONFORMITY – CE MARKING

DYAS.EU, a.s.
Dukelských hrdinů 3653/1
695 58 Hodonín

IČ: 27117651

Plant: Veselská 384, 687 24 Uherský Ostroh

We hereby declare upon our exclusive responsibility that the product

PLYWOOD SHEETS – MULTIPLEX A MULTIFINE, GLUING CLASS 1 (IW-20,IF-20) ALL BEECH

SKP Code.....20201156 a 20201159

to which relates hereto declaration, complies with regulation PN 1/DY/93, ČSN EN 13986 and ČSN 636 in properties:

- gluing class 1 : in compliance with ČSN EN 314-2 (after test 5.1.1), gluing quality by slip-way test in compliance with ČSN EN 314-1
- elastic modulus in bend and bending strength in compliance with ČSN EN 310
- escape of formaldehyde by chamber method in compliance with ČSN EN 717-1: 2004
- escape class of formaldehyde E-1 in compliance with ČSN EN 636 : 2003, with limit value **escape $\leq 0,124 \text{ mg/m}^3 \text{ air}$**

Functional characteristics of sheet with wood base : reaction to fire, water steam permeability, acoustic absorptivity, thermal conductivity, formaldehyde class, in compliance with table values specified in ČSN EN 13986.

Declaration of conformity in compliance with the law no. 22/97 Coll. Validity of instructions proving the conformity according to this law – data for declaration of conformity:

Report of test no. 800/20/0521/08 dated 4.12.2008, Lignotesting, a.s., Technická 5, 821 04 Bratislava, skúšobné laboratórium materiálov a výrobkov.

Detecting formaldehyde emission by chamber method in compliance with EN 717-1 :
determined value $0,061 \text{ mg/m}^3 \text{ of air}$

Certificate no. 004/01/2008 dated 4.12.2008 for examined product feature : formaldehyde emission according to EN 717 -1: 2004. Assessment of test results on formaldehyde escape. Plywood sheets meet the demand of EN 636 : 2003 „ Plywood sheets. Specification“, no. 5.3 and document DIBt-Richtlinie 100 „ Instruction on classification and inspection of wooden-based sheets according to formaldehyde escape“ (issuance : June 1994), Tab 1, class E1.
